Budget Development Process

& the

Role of the Budget Committee
OCSD Summary of Budget Development Process

Every budget season is presented with some significant challenges within the process. Generally the District’s Process is as follows:

The process to produce the budget, from beginning to end, is:

1. Set budget assumptions and prepare budget worksheets for programs:
   This process includes updating all General Fund and External Funds in the District’s budgeting software with current position costs (redo staffing and reset personnel as required for position control), increasing fixed costs as approved for changes in PERS, unemployment costs, inflation, and student and facility changes. This is called the budget roll forward.

2. Present budget “kickoff” to the District Leadership Team:
   At the kickoff we talk about what assumptions would be used in budget preparation, and overall begin the conversations with the different budget managers about the new budget.

3. Program review meetings
   Participate in review meetings where factors included in roll forward budgets are presented and discussed with the budget managers. Once there is agreement between the fiscal budget team and program managers, the District Cabinet is presented with that programs budget for discussion, changes and approval. This is called the Service Level Budget.

4. Answer questions about expected costs/changes
   This is an ongoing task every budget year.

5. Present entire Service Level Budget for all areas to Cabinet (cost summary).

6. Prepare iterations of various options suggested by Cabinet and program managers.
   Fiscal prepares various cost scenarios as requested.

7. Prepare the Proposed Budget
   A time consuming process, Fiscal prepares this, adding in recommended changes to the Service Level Budget and presents a draft to Cabinet for review before the Superintendent’s Budget Message. Fiscal makes any corrections needed, and the Superintendent prepares his Budget Message.

8. The Superintendent presents his Budget Message to the Budget Committee, distributes copies to the Budget Committee and makes both available to the public.

9. The Budget Committee deliberates and accepts public comments. The Budget Committee asks questions about the Proposed Budget and may suggest changes with the Superintendent’s guidance which must be voted on by the entire committee.

10. Revenue uncertainty may require changes to the budget at this point as well.

11. The Budget Committee approves the Proposed Budget and with any recommended changes (see items 9 and 10) and submits the budget to the School Board for adoption.

12. The School Board deliberates and accepts public comments. The District may need to continue to answer questions about various options to change programs. Again, revenue uncertainty may require further changes to the budget.

13. The School Board adopts the budget with any recommended changes

14. Fiscal prepares the final adopted budget book with any changes approved by the School Board.

15. The adopted budget book, as required by the State of Oregon and the Oregon Department of Education, is produced and delivered according to required laws and rules.
ROLE OF THE SCHOOL BOARD, DISTRICT AND THE BUDGET COMMITTEE

ROLE OF THE SCHOOL BOARD

The role of the Board – as a whole, not individual board members – is to set budget program priorities. This may include a list of programs to consider to add, to cut and/or programs which are prioritized to be kept or improved. The Board never discusses positions or people; those are defined by the labor contracts. The Board is elected to govern.

ROLE OF THE SCHOOL DISTRICT

Once the Board has set the priorities for a District, the Superintendent and District Business Official use those priorities to develop the detailed budget. This work is done with administrators and staff of the District with school based knowledge, a background in budgeting for schools and a knowledge of all of the legal requirements. The District may also take input from Board members and the community. A Proposed Budget is developed and presented by the Superintendent at the first official Budget Committee Meeting. That is when the budget document becomes public.

ROLE OF THE BUDGET COMMITTEE

The Budget Committee is tasked with reviewing the budget to determine whether the spending outlined is reasonable to support the programs outlined in the Board’s priorities. The Budget Committee does not add or delete programs, reprioritize items, or decide on compensation or staffing levels. Discussions are limited to programs and whether they are appropriately funded. The Budget Committee votes to approve the budget and then it goes on to the Board for a hearing and adoption.

OTHER CONSIDERATIONS

One of the most misunderstood concepts is that the budget is not binding on spending at the line item level. It is binding at the appropriation – function level which is actually quite a high level. The Board and the Budget Committee should focus on prioritization of programs and spending. Once the budget is adopted, the Superintendent can shift funds between line items within a function subject to District and legal policies as needed without going back to the Board for approval.
Budget Dynamics

&

Components
Budget 101
INTRODUCTION TO FUND ACCOUNTING

General Fund
Special Revenue Fund
Debt Service Fund
Capital Projects Fund
Internal Service Fund

ACCOUNTING INTRODUCTION TO FUND
FUND ACCOUNTING

• The Budget is made up of several divisions called “funds”

• Each fund is made up of a self-balancing set of records with a resource (revenue) and a requirement (expenditure) component

• Funds are classified as: General Funds, Debt Service Funds, Capital Project Funds, Special Revenue Funds, and Internal Service Funds
The General Fund, often referred to as the Operating Fund, receives revenues from multiple sources, including:

- state school fund
- common school fund
- property taxes
- ESD resolution funding
- county school fund
- interfund transfers
- federal forest fees
- interest earnings
- tuition and fees
- grant overhead charges
EDUCATIONAL FUNDING

Changes Affecting Property Tax Revenues

PRE-MEASURE 5

- Constitutional tax base.
- Voter approval of levies in excess of tax base.
- Shift from local funding to state funding.
- New state school funding formula, move toward equalization.
- Additional limitation, educational tax rate cap of $5.00 per $1,000 assessed value.

MEASURE 5

- Constitutional tax base.
EDUCATIONAL FUNDING
Changes Affecting Property Tax Revenues

MEASURES 47/50

- In addition to Measure 5 limitation
- Eliminated constitutional tax base
- Eliminated voter approved operating levies for education
- Established permanent operating tax rates
- Established “Double Majority” voting requirement for tax measures
- Sets limits on use of bond proceeds
• Unrestricted funding
• Weighting given to students based on various factors
• Increases in local revenues, decreases state contribution

STATE SCHOOL FUND FORMULA
STATE SCHOOL FUND FORMULA

EXEMPT REVENUE

1. Miscellaneous revenue (fees, out-of-district tuition, etc.)
2. ESD resolution program
3. Fund balance (carry-forward)
4. Interest earnings
Debt Service Funds, as the name implies, are used to retire outstanding debt, which is often in the form of general obligation bonds sold to finance capital projects. Revenues consist mostly of property tax receipts and interest earnings. Oregon City also has a Debt Service Fund for its PERS Bonds.
Capital Project Funds, as the name implies, are used to record the transactions involving general obligation (G.O.) bonds. Revenues consist of bond sale proceeds and interest earnings.
The Capital Projects Fund is a restricted account under Oregon law. This fund is used on projects approved by the voters, such as general obligation construction bonds, the construction excise tax or for projects financed from other sources, or approved by the Oregon Law. This fund is used on projects approved by the voters of the school district. The funds are used for the acquisition, construction, and improvement of school district facilities. These funds may not be spent on instructional or general operations of the school district.
Special Revenue Funds are used to record the transactions associated with restricted or dedicated revenues. Restrictions may be imposed by a grantor, statute, or policy. Student Body Funds, Food Services Fund, and Grant Funds are classified as Special Revenue Funds.
Grants that are known when the budget is prepared are included in the adopted budget. Grants that are known when the budget is prepared are included in the adopted budget. Budget authority for grants that come in after the budget is prepared is given by the Board at their regular meetings. Grant funds come from federal and state sources, foundations, donations, and other sources.
Internal Service Funds are used to record the transactions associated with activities that provide services to other programs within the District, and perhaps to other districts. Oregon City School District has a Risk Management Fund classified as an Internal Service Fund.
LOCAL BUDGET LAW

- 12% Federal
- 34% Local
- 54% State
Oregon's Funding Formula: Background

The current formula was adopted by the 1991 Legislature and was first used starting in 1992-93. The formula has not changed significantly over the years.

The goal of the formula is to distribute funds equitably, compensating districts for differences in costs that are outside district control.

Neither the formula nor ODE prescribes how districts and ESDs spend their formula revenue—that is a district decision.

ODE calculates the formula amounts for each district and ESD, then distributes the State School Fund as prescribed in law.

The formula distributes most of the money on a "weighted" student basis, with higher-cost students weighed more heavily.

The formula has not changed significantly over the years.

The current formula was adopted by the 1991 Legislature and was first used starting in 1992-93.

The formula distributes the State School Fund as prescribed in law.
Oregon's Funding Formula: Categories of Revenue

- Federal Forest Fees 1%
- State-managed timber revenue 1%
- Common School Fund 3%
- County School Fund 2%
- Local Property Taxes 93%

"Local" Revenue

State School Fund
Key Points About Formula Revenue

- All of the formula revenue goes into one big pot.
- This pot is then distributed to districts and ESDs on a per "weighted" student basis using the funding formula.
- Once each district's and ESD's share of the pot is determined, the state pays the portion that is not raised locally.
Formula Uses Average Daily Membership-weighted

\[ \text{ADMw} = \text{Average Daily Membership (ADM)} + \text{Additional Weights} \]

\[ \text{ADMw Extended} = \text{Greater of ADMw in the current year and ADMw in the prior year} \]
Oregon’s Funding Formula Has

- Teacher Experience Adjustment gives more money to districts with higher-than-average teacher experience.
- High-Cost Disability Grants reimburse districts for special education students who cost more than $30,000 to serve.
- Transportation Grants reimburse districts for 70-90% of eligible transportation expenditures.
- Transportation Expenditures
- Facilities Grants provide funds for classroom equipment to districts that add new classrooms.
- Provisions Not Based on Student Weights
The Current Service Level (CSL) budget is the State School Fund authorized in the current biennium, taking into account services provided in the current biennium and any growth in local revenue. The School Revenue Forecast Committee is charged with estimating the CSL budget prior to the start of each legislative session. The CSL budget is the State School Fund.

Current Service Level Budget
The Quality Education Model: A Tool for Policymakers

- Contains detailed information on school-level spending using data from the Database Initiative (DBI) and other sources.
- Based on best practices identified by research.
- "Base Case" reflects the actual spending levels and patterns of Oregon schools.
- Can estimate the costs of policy proposals.
Using the Quality Education Model for Long-range Planning

- Evaluate the relative effectiveness of investments at each school level: elementary, middle, and high.

- Estimate the impact on student achievement of different patterns of spending over time.

- Help identify the relative costs of various practices and interventions that have the greatest long-term impact on improving graduation rates, dropout rates, and other measures of student success.
What are Legally Mandated expenditures?

Childhood education in the United States is compulsory. Control of funding comes from the local, state and federal level. The Oregon City School Board gives the Superintendent the authority to execute operational authority for line item spending after the budget is adopted to spend to provide this education to all students K-12.

Examples of Some other (but not all inclusive) Legally Mandated Items:

- Free and Appropriate Education (FAPE): Educational rights of children with disabilities guaranteed by Rehabilitation act of 1973 and Individuals with Disabilities Education Act (IDEA), Section 504
- Maintenance of Effort for Special Education Spending – Federal 34 CFR
- National School Lunch Program
- Education of homeless students: McKinney-Vento Act
- English Language Learner Proficiency Standards
- All Grants when awarded, contract by contract
- Data reporting requirements – federal, state and local
- Title IX Requirements – Federal
- Charter School Regulations as applicable to the District – State
- Transportation requirements
- Voter approved Bonds – spending limitations
- Licensed Collective Bargaining Agreement – inclusive of many items
- Classified Collective Bargaining Agreement – inclusive of many items
- PERS mandates – State
- Health Insurance requirements
- School District Continuous Improvement Plan
- Bureau of Labor and Industries – labor requirements
- Audits – federal, state and local
Budget Committee Protocol
RESPONSIBILITIES
& DUTIES
BUDGET COMMITTEE
OREGON CITY SCHOOL DISTRICT
THE BUDGET PROCESS

Objectives: Budgeting in Oregon is governed by Local Budget Law, Chapter 294 of the Oregon Revised Statutes. The law has two major objectives:

1. Budgeting in Oregon is governed by Local Budget Law, Chapter 294 of the Oregon Revised Statutes. The law has two major objectives:
THE BUDGET PROCESS

- To provide standard procedures with preparing, presenting, and administering local budgets.
- To ensure citizens involvement in the preparation of the budget.
To ensure participation in the budget process, Local Budget Law requires that a Budget Officer be appointed and a Budget Committee consisting of Board members and members of the public be formed. The local budget must be reviewed, revised, and approved by the governing body before it is formally adopted by the governing body. The District's Budget Officer prepares the Proposed Budget under the direction of the Superintendent. The Budget Committee then reviews, revises, and approves the budget before it is formally adopted by the governing body.
Primary Duties of the Budget Committee

- Receive a balanced proposed budget document and budget message.
- Meet publicly to review the proposed budget and require additional information as needed.
- Provide an opportunity for the public to ask questions.
- Specify the maximum property tax rate or amount for each fund that receive property taxes.
- Approve the budget.
- Receive a balanced proposed budget.
• The Budget Committee may not deliberate on the budget document before the first meeting [ORS 294.426].
• The Budget Committee does not approve any negotiated contracts and other materials that have a fiscal impact on the budget document.
• The Budget Committee does not approve any new personnel, employee contracts or salary schedules.
• The Budget Committee may request and review previously adopted salary schedules.

**COMMITTEE**
**PRIMARY DUTIES OF THE BUDGET COMMITTEE**
Any deviation from this requirement could cause a liability for the district in regard to negotiated labor agreements and other contracts the district currently has in place. The Budget Committee’s role is not to establish or eliminate educational programs or services directly.
The Budget Committee may also require attendance of staff to prepare documents that have not previously been published. Staff to prepare documents that have not previously been published.

Individual members do not have the authority to ask time.

The Budget Committee may require attendance of the same information at the same time.

District staff will generate a memorandum to the Budget Committee as an official response so that all committee members will receive the same information at the same time.

District staff will generate a memorandum to the Budget Committee as an official response so that all committee members will receive the same information at the same time.

A majority of the Committee must authorize reports that are required during consideration of the Proposed Budget.

The Budget Committee may request any information required during consideration of the Proposed Budget.

Staff members at Budget Committee meetings.

Primary Duties of the Budget Committee
FY 2016-17 APPROVED BUDGET

The Budget Committee's duties cease after the hearing, but not before.

The Board may make additional adjustments at this hearing. The document presented at this hearing is the budget as recommended by the Budget Committee. The Board may make additional adjustments after this hearing, but not before.

The district Board holds a final hearing on the budget document. (ORS 294.453)

The Budget Committee's duties cease after
The Board of Education is the chief governing body and is exclusively responsible for public decisions and policies and facilities that motivate students and meet those needs within the District, and then meets those needs with educational needs.

The Board acts to interpret the educational needs of the District, and federal laws governing schools.

The Board establishes policy based on Oregon and federal laws, interpretation by the Oregon Legislative and the State Board, and the Oregon City School District's framework within the framework of Education.

The Board has legal authority for all public schools in Oregon and is exclusively responsible for its public decisions.

The Budget Committee plays an important role

Although the majority of school funding comes from state sources, local budget committees remain an important part of a district’s decision-making processes in setting local budget priorities. The budget committee process provides an ideal forum for a district’s citizens to discuss priorities for maintaining good schools, programs and facilities, how to deal with state and federal requirements and how best to allocate resources.
Oregon state law requires a budget

The state requires every district to pass an annual budget [ORS 294.338]. Oregon law outlines a procedure for preparing, presenting and administering the budget. The statute requires citizen involvement in the budget preparation and public disclosure of the budget before its final adoption by the district board of directors.

Budget period
A district’s budget must cover at least one fiscal year (July 1 through June 30). The district, however, may pass an ordinance, resolution or charter that requires preparing a two-year budget. If a district develops a two-year budget, it must certify the property tax to the county assessor for each of the fiscal years. [ORS 294.323(1)(2)]

The budgeting process includes preparation, approval and formal adoption. The final product is the district’s financial plan that estimates expenditures and revenues for a fiscal year. By the final day of every fiscal year (June 30), the district’s budget for the upcoming year must be finalized.

Budget officer
Oregon law requires a district to designate a budget officer, commonly the superintendent or business manager. The budget officer, working under the direction of the superintendent, creates a draft budget document prior to the first meeting of the district’s budget committee. [ORS 294.331]

The budget committee
Every district must set up a budget committee, which is the vehicle that enables the public to participate in the budget process. [ORS 294.414]; ESDs [ORS334.240] After receiving the proposed budget from the budget officer, the committee must hold meetings to examine and possibly revise the document. The committee must then make the revised budget available for public comment. After holding the public hearing, the committee may make additional revisions and hold more public hearings before sending the budget to the district’s board for final adoption.

Once the budget committee approves the proposed budget and sends it to the district board, the committee has no authority over the budget until the process begins again for the next budget cycle.
Budget committee membership

All district board members must be members of the budget committee plus an equal number of qualified district voters who are appointed by the board. [ORS 294.414(2)] An education service district budget (ESD) committee must include the ESD board and school board members (or designees) from the districts in the ESD boundary. [ORS 334.240]

To be eligible for appointment, a school district budget committee candidate must:

- Not be an officer, employee or agent of the district [ORS 294.414(4)]
- Be a qualified voter of the district [ORS 294.414(2)]

All budget committee members have equal authority and responsibility. Members establish their own operating procedures as a committee.

Committee members may not receive compensation for serving. [ORS 294.414(3)]

If the school district or ESD board is unable to appoint qualified people to vacancies, the budget committee may proceed with a reduced number of members. For example, if a five-member board, after seeking qualified citizens, can fill only three of the five citizen positions, the budget committee can function with eight members rather than 10. A majority would then be five instead of six. [ORS 294.414(2)]

Term of office

If the budget committee prepares one-year budgets, the board appoints the citizen members for three-year terms. The terms are staggered so that one-third of the appointed members’ terms end every year. [ORS 294.414(5)]

If the budget committee prepares a biennial budget, appointed members serve four-year terms, with the terms staggered so that one-fourth of appointed members’ terms end each year. [ORS 294.414(6)]

If an appointed committee member is unable to serve an entire term, the district board must appoint someone to fill the vacancy. [ORS 294.414(7)]

Budget committee officers

At its first meeting the budget committee must elect a presiding officer from among its appointed or elected members. [ORS 294.414(9)] It may elect a vice chair, but it is not required.

Meetings

Budget committee meetings are open to the public. A majority of committee members must be present to convene a meeting and only budget committee business may be transacted during the meeting. A majority of the committee is required to approve any motion. (A majority is one more than half the committee members.) Approval of any motion requires at least six “yes” votes with a budget committee of 10 members or at least eight “yes” votes with a committee of 14. [ORS 174.130, Attorney General Opinion 38 (1978), p. 1935]

The committee must hold at least one meeting to receive the draft budget, the superintendent’s budget message and provide the public an opportunity to ask questions and comment. [ORS 294.426]

Duties, responsibilities

Notification of the first budget committee meeting must appear in a newspaper of general circulation. Specifically, the budget officer must either (1) publish notice twice in a newspaper not more than 30 days before the meeting, or (2) publish once in the paper not more than 30 days before the meeting and publish on the district’s website at least 10 days before the meeting, or (3) mail notice to the members of the public not less than 10 days from the date of the meeting. This notice must state the purpose, time and place of the meeting, where the budget document is available, and that the budget committee will deliberate at the meeting; it must also state that members of the public may ask questions and comment on the budget at a specific time or meeting. For specific requirements on meeting notification see ORS 294.426(3-5).
The committee hears the budget message, receives the budget document, hears patrons and announces the time and place for any subsequent meetings. [ORS 294.426]

Minutes of the meetings are kept and made available upon request. The committee reviews the budget as proposed and makes needed changes. Additional committee meetings, which are open to the public, must follow the procedure for public notice required for regular school board meetings. [ORS 294.406; ORS 294.428]

The budget committee may request information for the preparation or revision of the budget document from any district officer or employee. It may request the attendance of any employee at its meetings. Such requests by the budget committee should go through the superintendent or budget officer. [ORS 294.428(3)]

The budget committee does not approve new personnel, employee contracts or salary schedules. Neither does it negotiate salary contracts. The budget committee may request and review previously adopted salary schedules, negotiated contracts and other materials that have a fiscal impact on the budget document. Any deviation from this requirement could cause a liability for the district in regard to negotiated labor agreements and other contracts the district currently has in place.

By the time the budget committee receives the budget message and budget document, many hours of work have been spent developing the proposed budget. The budget officer appointed by the board coordinates these efforts with faculty, staff and other administrators.

The budget committee approves the budget document as submitted by the budget officer or as revised by the committee. The committee recommends a level of spending for the year. It also specifies the property tax amount or rate for all funds in the approved budget.

The budget committee’s duties cease after it has approved a proposed budget. The district board holds a final hearing on the budget document. [ORS 294.453] The document presented at this hearing is the budget as recommended by the budget committee. The board may make additional adjustments after the hearing, but not before. However, there are limits to the changes permitted. In a one-year budget, if those changes increase property taxes by any amount or increase expenditures in any fund by more than 10 percent or more than $5,000 – whichever is greater – the district must republish the budget document and hold another budget hearing. In a biennial budget, if the changes increase property taxes by an amount or increase expenditures in any fund by more than 10 percent or $10,000 – whichever is greater – the district must republish the budget document and hold another budget hearing. [ORS 294.456]

The board may reconvene the budget committee at a later date if financial conditions in the district change. The board can call this meeting; however, it is not required by law. The board must give public notice in a way similar to the notice given for the first budget committee meeting.

**Budget checklist**

- First meeting:
  - Elect presiding officer (required) and vice chair (optional).
  - Establish budget committee procedural rules.
  - Receive budget message and proposed budget.
  - Establish a meeting calendar.
  - Request additional information on budget items.
  - Additional steps:
    - Make sure the budget documents are available to anyone requesting copies.
    - Provide opportunities for district patrons to ask questions and make comments about the proposed budget. This is not a strict requirement for the first meeting; it may occur at any budget committee meeting.
• Final meeting:
  o Approve budget and send it to the district board of directors.
  o Specify the tax amount or rate for each fund imposing a property tax.

**The board of directors' role in the budget committee process**

The school or ESD board of directors is the governing body with the ultimate responsibility for district operations. The board’s duties and responsibilities encompass many topics, including, but not limited to:

- Setting operational policy
- Setting district budget goals and adopting the district’s budget
- Determining staffing levels
- Negotiating employee contracts
- Appointing committee members

With specific regard to the budget process, the board is responsible for appointing the citizen budget committee members in accordance with ORS 294.414(2) and adopting the district’s final budget. [ORS 294.456]

**Suggested board activities and timeline for budget process:**

- Designate the budget officer.
- Appoint citizen budget committee members.
- Approve budget calendar.
- Publish required notices.
- Participate in budget committee meetings.
- Hold public hearing on budget committee approved budget.
- Provide citizens with information about the budget.
- No later than June 30, adopt budget, make appropriations, declare and categorize tax levy.
- No later than July 15, certify levy to the county assessor.
- Receive financial reports monthly during the year.
- Make any budget transfers of appropriations which may be required during the year.
- Determine if any supplemental budget is required.
- Review audit (examination of annual financial report) and auditor’s comments regarding compliance with legal requirements and Generally Accepted Accounting Principles (GAAP).
Supplemental budget

By transferring appropriations (allocating money from one fund in the budget to another fund), the district usually has enough flexibility to carry out the programs prescribed in an adopted budget. But occasionally an adopted budget gives no authority to make certain expenditures, or it does not address an instance when revenues are received for which the board had no previous knowledge. In these cases, a supplemental budget may be appropriate to authorize expenditures or spend additional revenues in a current fiscal year.

Oregon budget law does not provide for the involvement of the local budget committee in adopting supplemental budgets. The district board may adopt a supplemental budget at a regular public meeting if it gives prior notice and the expenditures in the supplemental budget are not more than 10 percent of the budget fund being adjusted. If the expenditures are higher, the board must publish the supplemental budget and hold a hearing for this supplemental budget. Public notice must go out not less than five days before the hearing, along with a summary of the changes proposed in the funds that differ by more than 10 percent from the previous budget.

Budget Process

* Elections may be held earlier
** See the Secretary of State Elections Manual, or contact the county clerk for actual dates of filing.
Frequently asked questions

- What is a budget committee?
  
  \textit{Answer}: The budget committee is a school district's or ESD's fiscal planning advisory committee. It consists of the elected board members and an equal number of qualified district voters appointed by the board.

- Who can serve on a budget committee?
  
  \textit{Answer}: The board may appoint any qualified voter of the district to serve on the budget committee, except school district officers, agents or employees.

- How long do members serve?
  
  \textit{Answer}: Most budget committee members receive appointments for three-year terms. Terms are staggered so that approximately one-third of the terms expire each year. Members may be reappointed for successive terms. If a district adopts a biennial budget, the terms are four years, with one-fourth of the terms expiring each year.

- Are budget committee members paid for their work?
  
  \textit{Answer}: No. Budget committee members may not receive any compensation for their work on the budget. They may be eligible, however, for travel or meal expenses resulting from meetings or other authorized committee functions.

- What is the budget committee's main function?
  
  \textit{Answer}: The budget committee holds a series of public meetings to review, discuss, make additions or deletions, and approve the budget that the district's budget officer proposes. After finishing its deliberations, the budget committee approves the budget and sends it to the district board of directors for final approval. The budget committee also specifies the maximum tax rate or amount for any fund imposing a property tax levy.

- May the budget committee meet and discuss the budget before the first meeting for which public notice is published?
  
  \textit{Answer}: No. If the district releases the proposed budget before the first budget committee meeting, that document is for use by individual budget committee members. The committee should not get together in person, by telephone or via e-mail before the first public meeting to discuss or deliberate on the proposed budget. Any deliberation on the proposed budget must take place at a properly advertised public meeting.

- What sorts of things may the budget committee discuss before the first meeting for which it issues public notice?
  
  \textit{Answer}: The committee may engage in the following activities before the first public meeting:
  
  - Receive training on the budget committee process, calendar, expectations for committee members, etc.
  - Discuss committee members' preferences for ground rules, rules of order, conduct of meetings, method of voting / reaching consensus, etc.
  - Receive orientation on the district and its various departments or programs and staffing, and on the activities or services that each provides.
  - Receive orientation on the budget document, the fund structure and the types of activities or programs and expenditures made from each fund in the budget.
  - Discuss the current year budget or prior year budgets.
• What topics must the budget committee not discuss before the first meeting?

_Answer_: The budget committee must not discuss any of the following matters before the first meeting for which proper public notice occurs:

- Specific estimates of revenue, expenditures or appropriation amounts associated with any fund, object classification or line item, resource or requirement
- The question of whether to fund specific programs or expenditures
- The question of whether to impose any specific tax levy, or the amount of any levy

• What happens at the first budget committee meeting?

_Answer_: The budget committee elects officers, receives the budget message, gives citizens an opportunity to comment on the budget, sets dates for future meetings and adopts rules of order. These rules should establish an operating procedure for the review process. The committee may adopt Robert’s Rules of Order or establish its own rules.

• What is the budget message?

_Answer_: The budget message explains the budget. It gives the budget committee and the public information that will help them understand the proposed budget. The law says the budget message must contain a brief description of the financial policies reflected in the proposed budget and explain the important features of the budget.

The budget message must also explain significant changes from last year’s budget in revenues or appropriations and explain any major changes in financial policies.

• Who prepares the budget message? Who reads it?

_Answer_: The budget message is prepared by or under the direction of the superintendent. It must be in writing so it can become part of the budget committee’s records. The superintendent delivers the budget message to the committee at its first meeting.

• What other information is available to the budget committee?

_Answer_: The budget committee may request and receive from any district officer or employee any information it requires during consideration of the proposed budget. The budget committee may also require staff members to attend budget committee meetings. Such requests by the budget committee should be made through the superintendent.

• Who are the budget committee officers?

_Answer_: The law requires only one actual position—the presiding officer. The presiding officer’s duties are to chair budget committee meetings. However, the budget committee may elect a vice chair to conduct meetings in the presiding officer’s absence.

• What happens at subsequent budget meetings?

_Answer_: Generally, the second meeting and other subsequent meetings take place at least one week after the first meeting. This practice allows members to review the proposed budget document. Committee members may arrange with the superintendent or budget officer to visit schools during this week, ask about specific budget items, request more information or indicate areas of interest the committee should discuss at future meetings. In later meetings, the entire budget receives a thorough review, fund-by-fund and section-by-section.

The committee must take steps to keep accurate minutes of each meeting and approve them at the beginning of the next meeting. The minutes are the official

The budget message must explain changes from last year’s budget.
To establish a stable financial plan, districts should not outspend their revenue.

record of these meetings. Because state law mandates the budget process, districts need to document that their proceedings comply with the law. The official minutes serve this purpose.

- How many meetings must the budget committee hold?

  *Answer:* The number of meetings may vary from year to year. Some district budget committees meet only once. In other school districts, budget committees may need to meet several times. Many varying factors influence how often budget committees meet (e.g., the degree of detail in the budget documents, size of the district, number of separate funds, presentation of the budget and the personalities of committee members).

- May budget committee members ask questions of the superintendent and budget officer between meetings?

  *Answer:* Yes. Saving questions for “off-line” is often helpful and courteous to other budget committee members, especially when the formal meeting agenda is full. Checking with the superintendent or budget officer between meetings lets members explore budget items of interest in greater detail. Such questioning also helps the superintendent or budget officer by indicating specific concerns that may be of interest to the entire budget committee.

- May I consult with other budget committee members about details in the budget other than at budget committee meetings?

  *Answer:* This is a tricky question. The answer is “yes,” if a majority of committee members is *not* present. If a quorum is on hand for such a discussion, however, the meeting violates Oregon’s public meetings law. Budget committee discussions must take place in a public meeting. Oregon uses the budget committee process to ensure open public involvement and full disclosure of budget deliberations. Circumventing the budget law puts the district and its property tax levy at risk. Remember, all deliberations of the budget committee must be held at a public budget meeting.

- What questions should a budget committee ask about a district’s revenue sources?

  *Answer:* The following questions about revenue are critical to the committee’s deliberations:

  o *Are expenditure forecasts expected to be within the district’s appropriations?* Budget law requires districts to stay within their appropriations or transfer appropriations prior to making any “over-expenditure.” [ORS 294.450]

  o *Are we outspending our current year revenue?* To establish a stable financial plan, districts should not outspend their revenue. If this becomes necessary, however, expenditures should occur as a planned process that recognizes use of reserves is a one-time source of funding.

- Does the budget committee have any other duties?

  *Answer:* At the final meeting, the committee approves the budget and establishes the tax levy. Its work is now finished. Frequently, budget committee members offer to help the board and administration in any public meetings or appearances concerning the budget. The administration and the board of directors may also consult the budget committee if financial conditions change.

- After the budget committee approves the budget and recommends it to the board of directors, what action does the board take?

  *Answer:* The board of directors must publish a financial summary of the budget that the budget committee developed. The board publishes the first notice of the budget hearing with the financial summary. At the public hearing the board hears citizens’ input on the budget that the budget committee approved. Following the hearing, and no later than June 30, the board must adopt the final
budget, make appropriations, certify the property tax levy rate or amount to the county assessor and categorize the levy.

- When do budget committee members get a copy of the budget?

  **Answer:** The budget officer distributes copies of the proposed budget at the first budget committee meeting, when the superintendent presents the budget message. Advanced copies of the budget may go to budget committee members by mail.

- What if the budget committee doesn’t agree with the board’s changes to the budget?

  **Answer:** The board of directors has the right to make changes to the budget that the committee submits. In a one-year budget, however, the amount of the estimated expenditure for each fund may not increase more than 10 percent or $5,000 (whichever is greater), and the total property tax to be levied may not exceed the amount of the rate shown in the budget (as approved by the budget committee and published with the notice of the budget hearing) unless the district republishes a summary of the revised budget and holds another public hearing. In a biennial budget, if the changes increase property taxes by an amount or increase expenditures in any fund by more than 10 percent or $10,000 (whichever is greater), the district must republish the budget document and hold another budget hearing.

  Budget committee members are free to attend that hearing and voice their opinions of changes made by the board.

- What other information is available to the budget committee?

  **Answer:** The budget committee may request any information required during consideration of the proposed budget. A majority of the committee must authorize reports that require time or expense to prepare. Individual members do not have authority to ask staff to prepare documents that have not previously been published. The budget committee may also require attendance of staff members at budget committee meetings.

- May the budget committee establish or delete educational programs or services?

  **Answer:** The budget committee’s role is not to establish or eliminate specific educational programs or services directly. State standards and the board of directors’ budget parameters give the budget officer and administrative staff general guidelines for budget development. The budget officer then prepares a budget that meets state requirements and the board’s parameters. It is this proposed budget which the budget committee considers during the meeting. It is possible that the tax levy rate the budget committee sets increases or decreases the district’s resources, which may reduce programs or provide funding for additional programs. Public participation at budget committee meetings may influence decisions in either direction.

- What is a supplemental budget?

  **Answer:** School districts or ESDs may find it necessary to prepare a supplemental budget. Supplemental budgets are authorized under these circumstances:

  o An occurrence, condition or need arises which was not known at the time the budget was adopted.

  o Additional funds are made available after the budget was adopted.

  o The board wishes to use insurance proceeds for purposes other than replacing buildings or equipment that were involuntarily destroyed.

  The procedures for supplemental budgets are the same as those required for the annual budget. These procedures include publishing a notice five to 30 days prior to the board meeting and board approval of the supplemental budget.
- Where can I find the law that governs the creation and operation of the budget committees?

Answer: The budget committee is a requirement of Oregon's Local Budget Law. This law appears in the Oregon Revised Statutes (ORS), beginning at ORS 294.414 for School Districts; ORS 334.240 for ESDs.

**Suggested budget committee policy**

District boards must establish budget committees in accordance with the provisions of ORS 294.414, and ORS 334.240 for ESDs.

The budget committee must consist of all board members and an equal number of members who are qualified district voters appointed by the board. If no qualified voters are willing to serve, the board of directors serves as the budget committee. District officers, agents or employees of the district may not serve as members of the budget committee.

Most appointed budget committee members serve three-year terms. The terms are staggered so that one-third of the terms are appointed each year. If the district adopts a biennial budget, the terms are four years, with one-fourth of the terms expiring each year.

If any appointed member is unable to serve the term for which he/she was appointed, the board must fill the vacancy by appointment for the remainder of the unexpired term. [ORS 294.336]

**SAMPLE LETTER TO PROSPECTIVE BUDGET COMMITTEE APPOINTEES**

Dear _______________________

Thank you for your interest in serving on the ___________________ District/ESD budget committee. To help us make a careful and objective decision, please complete the enclosed candidate information sheet.

The budget committee meetings take place approximately every week during the months of ________________ and ________________.

If you have questions about how much time you must commit to service on the budget committee, please contact me or any board member.

Please return this candidate information sheet by ________________. The board will arrange for personal interviews with all candidates before making a final decision on ________________.

Your interest is appreciated.

Sincerely,

Board Chair
Suggested procedure

When a vacancy occurs on the budget committee, utilize the following procedure:

- The board declares the budget committee position open.
- Issue notice of a vacancy, with the following information:
  - The position number
  - Deadline for receiving applications
  - Person whom applicants should contact, e.g., superintendent
  - Qualifications for holding office
  - Term of appointment
  - Date appointment will occur

The board chair should send a letter to everyone who submits his or her name for consideration. The letter must provide general information about the budget committee. A candidate information sheet also will be sent. The candidate information sheet will be included in the board packet when the selection is made. (See example below)

Interviews will be held with prospective appointees and appointment will be made at a regular or special board meeting.

---

**SAMPLE INFORMATION SHEET FOR BUDGET COMMITTEE CANDIDATE**

Please fill out and return by ____________ to the school district/ESD administrative office, (address).

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
Adopted budget: The financial plan adopted by the district board of directors. The adopted budget forms a basis for appropriations.

Appropriation: An authorization for spending specific amounts of money for specific purposes during specific periods of time, based on an adopted budget, and presented in a resolution or ordinance adopted by the district board.

Assessed value: The taxable value of real or personal property.

Associated payroll costs: Amounts of money the district pays on behalf of its employees. These amounts are not part of "gross salary," but are in addition to it. While not paid directly to employees, such payments are still part of the cost of salaries and benefits. The following are examples of associated payroll costs:

- Group health or life insurance
- Contributions to Public Employees Retirement System
- Social security (FICA)
- Workers' compensation
- Unemployment insurance

Biennial budget: A budget adopted for a 24-month period beginning July 1 and ending June 30 of the next two succeeding calendar years.

Budget: A written report showing the district's comprehensive financial plan for one fiscal year. Districts have the option of budgeting for a two-year period. These budgets must show actual revenues and expenditures for each of the past two budget periods. They also provide estimates for the current and upcoming budget periods. Budgets must include a balanced statement of actual revenues and expenditures during each of the past two years, estimated revenues and expenditures for the current and upcoming years.

Budget committee: The school district's or ESD's fiscal planning body, consisting of the board of directors and an equal number of qualified voters from the district.

Budget message: The written explanation of the budget and district's financial priorities (usually prepared by the superintendent).

Budget officer: The board's appointee who assembles budget material and prepares the proposed budget.

Capital outlay: Money spent on items that generally have a useful life of one or more years (e.g., machinery, land, furniture, equipment or buildings).

Contingency: Money allocated for use in cases of emergency or to cover unforeseen expenditures. Boards must take action to approve expenditures of these funds in specific budget areas.

Expenditures: Total amount incurred if accounts are kept on an accrual basis; total amount paid if accounts are kept on a cash basis.

Fiscal year: The 12-month period that begins on July 1 and ends on the following June 30.

Fund: A division in a budget that segregates independent fiscal and accounting requirements; an entity within a district's financial plan designated to carry on specific activities or to reach certain objectives.

Permanent tax rate: A district's property tax rate limit for operating purposes.
Program: A group of related activities that accomplish a major service or function for which the district board is responsible.

Proposed budget: The financial and operating plan prepared by the budget officer and submitted to the public and budget committee for review.

Reserve Fund: A fund established to accumulate money from one fiscal year to the next for a specific purpose.

Resolution: A written motion for enactment by a board or committee, which contains background and the reasons behind the action of the body.

Resources: The estimated fund balances on hand at the beginning of the budget period, plus all anticipated revenues.

Revenues: Monies received or anticipated by a district board from taxes or non-tax sources.

State School Fund: The major appropriation of state funding for public elementary and secondary schools. This fund consists of state money appropriated for distribution to school districts and ESDs according to a formula adopted by the legislature.

Supplemental budget: A budget the board of directors prepares to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase a tax levy.

Tax levy: The amount of property taxes required to pay general obligation bonded indebtedness or, for certain taxing districts, the amount of a local option tax voters approve for a specific purpose.

Transfers: Amounts distributed from one fund to finance activities in another fund, shown as an expenditure in the originating fund and revenue in the receiving fund.

Unappropriated ending fund balance: Amount set aside in the budget to be used as cash carryover to the next year’s budget. This balance provides the local government with needed cash flow until other money is received. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year in which it is budgeted.
